„ from 250 to 300 tons	...	14	0	0
„ above 300 tons	...	15	0	0

If steam be got up on requisition of the commander, owner, or agent of a vessel, or of any person acting on their behalf, and if the services of the tug should not subsequently be required, or should the tug be unable to perform the service required, owing to the setting in of bad weather, or to any accident, a charge of £4 10s. will be made.

Taxes, &c.

PORT AND HARBOUR DUES—(continued).

In blowing weather, an extra charge of £2 will be made within the outer anchorage, or a circle of eleven fathoms of water around it, for vessels up to two hundred tons, and 1s. per ton for each ton over.

In moderate weather a charge of £4 per mile, and in blowing weather of £6 per mile, will be made for towing beyond the anchorage.

Should the tug take a vessel in tow, and subsequently owing to bad weather, adverse wind, or other circumstances, be compelled to cast her off, the full charge for towing a vessel will be made.

The *Pioneer* is not adapted for cargo, but when goods are taken on board, the charge will be 7s. 6d. per ton, and the Government cannot be responsible for any damage which may occur to them.

The charge for towing lighters in or out will be £4 for one lighter for each trip out or in, and £1 10s. for each additional lighter, the owners being jointly and severally responsible for the payment.

Passengers and cattle will be charged for as follows, for each trip :—

Horses	...	...	...	40s. each.

Steam will be got up to convey passengers only, on the sum of £5 for each trip being duly guaranteed ; and she will be at liberty to take passengers or goods on board when employed in towing vessels.

All passengers and all goods required to be conveyed by the *Pioneer*, must be conveyed to and from that vessel in the boats of the consignees of the ship on whose account the tug is engaged for such purpose.

Any detention of the tug by ships, passengers, or boats, over one hour, will be charged for at the rate of £3 for each hour entered on.

For towing vessels from the usual anchorage near the Custom House to the Bluff Channel, a charge of £5 will be made, provided the time does not exceed one hour, and £3 for each hour entered on over that time. Vessels required to be so moved must first be warped to the tug at her moorings. If the Government warps are used, a charge of £1 per hour will be made ; and if they be wilfully or carelessly chafed or cut, a charge of £1, on the joint responsibility of the owner, captain, or agent, will be made. All applications for the services of the tug in this respect must be made in writing to the Port Captain, and be signed by the commander or owner, or agent of the vessel, who will be held conjointly responsible for the expense.

Taxes, &c.

Certified copies of proceedings, 6d. each folio of 17 lines, or fractional part.

Bill of costs for taxation, 3d. for each 5s. thereof.

Any summons not above charged for, 1s.

2. *Stamps to be used.*—The charges in the above Tariff are to be represented by Stamps impressed, or affixed on, or to, the respective documents, or on, or to, paper covering the same.

3. *Fractional Sums.*—When, in such Tariff, the charge is imposed according to specified amounts, the like charge is to be deemed to be imposed in respect of fractional parts of such amounts, respectively.

4. *Covering papers.*—The covering paper referred to in the second foregoing Rule, is to be furnished by the party paying for the Stamp, but the same paper may be used, in any one action, to cover all documents in respect of which the paper Stamps shall be affixed.

5. *Several Stamps.*—More than one Stamp may always be used to make up the requisite amount, but, as a general rule, no Stamp so used should be of less amount than one-sixth of the total required for the document.

6. *Application as to unsummoned witness.*—Any party proposing to examine a witness who shall not have been summoned by the clerk shall, for the purposes of such Tariff, have first to apply, in writing, to the clerk for leave so to examine, in form to this effect:—"It is requested to be allowed to examine A. B., an unsummoned witness (or, if requisite, use plural), on behalf of plaintiff (or defendant)," and, if such request be duly stamped, the examination shall be proceeded with equally as it should have been if these Rules had not been issued.

7. *Obliteration.*—The clerk shall, upon first receiving any document with the proper impressed, affixed, or covering stamps, obliterate the same by writing, or stamping in ink, the date of that day on such stamp.

8. *Pending suits.*—In respect of any cause, matter, or thing, depending in any of the said courts, on the date of these Rules coming into operation, and the proceedings in which shall have been commenced before that date, the said clerks shall, in respect thereof, charge the fees imposed by the old Tariff, notwithstanding the partial repeal thereof, until the decision by any such court of such cause, or other matter or thing.

9. *Rules coming into operation.*—These Rules came into operation on the First day of November, 1871.

LAND REVENUE.

By Government Notice of 31st March, 1849, it was directed that each farm granted under the conditions of the Proclamations of 10th February, 1848, and of 16th February, 1849, was chargeable from the date of approval of the inspection, with a provisional annual quit-rent of £3.

By Proclamation of 7th July, 1856, it was proclaimed, that the unappropriated country lands of the Crown would be disposed of, on the conditions thereafter set forth, in farms of from 50 to 3,000 acres in extent, according to the nature of the soil and the locality, on payment of an annual quit-rent of not less than £6 on every farm so granted.

By Proclamation of 29th April, 1857, the regulations set forth in said Proclamation of 7th July, 1856, were annulled, and others substituted, viz. :

CLASS 1.—Unappropriated Crown Lands in the Counties of Klip River, Weenen, Umvoti, and Pietermaritzburg (exclusive of Ward No. 6, of the last County), and also in that portion of the Division now called Upper Umkomanzi, not being nearer than forty miles from the sea-shore, would be granted in farms not exceeding an area of 3,000 acres, on condition of occupation, and at a perpetual annual quit-rent of one farthing per acre.

CLASS 2.—Unappropriated Crown Lands in the Counties of Victoria and Durban, and in the Division now called Lower Umkomanzi, as also in that portion of the Division now called Upper Umkomanzi, being within forty miles of the sea-shore, would be granted on condition of occupation, and as follows :—

- 1st. Unappropriated lands, situated within 20 miles of the sea-shore, and 30 miles of the Port of Durban, would be granted in farms not exceeding an area of 300 acres, at a perpetual annual quit-rent of twopence half-penny per acre.
- 2nd. Unappropriated lands, situated beyond 30 miles of the Port of Durban, and within 20 miles of the sea-shore, would be granted in farms not exceeding an area of 600 acres, at a perpetual annual quit-rent of one penny farthing per acre.
- 3rd. All other unappropriated lands, included in Class 2, would be granted in farms not exceeding an area of 1,000 acres, at a perpetual annual quit-rent of three farthings per acre; but on all farms granted as above, and not occupied, there shall be payable annually, during non-occupation, a fine per acre of four times the amount of quit-rent per acre, and in addition to the said quit-rent.

Finally, by Proclamation of 2nd July, 1858, said Proclamation of 29th April, 1857, was revoked, and it was proclaimed that henceforth the Crown Lands of this Colony will be disposed of under the following conditions :—

1. The unappropriated Crown Lands in this Colony will be sold in freehold, and by public auction only.
2. Unless it is otherwise notified, the upset price for such sales will be four shillings (4s) per acre, but the Governor for the time being will have the power to fix such higher upset price as the locality, or other circumstances, may render expedient, of which due notice will always be publicly given.
3. Persons desirous of becoming purchasers will apply, in writing to the Colonial Secretary, respecting the land they wish to have put up for sale; stating in what division it is situated, and, as far as practicable, its position, boundaries, and probable extent.

Taxes, &c.

LAND REVENUE—(continued).

These applications, after being recorded in the Colonial Office, will be transmitted to the Surveyor-General, who, if he sees no objection to the land being disposed of, will call upon the applicant to deposit with him the probable expense of the survey; which expense will be borne by the eventual purchaser.

4. Should the applicant not become the purchaser, the amount deposited by him will be refunded when paid by the eventual purchaser; but should no sale take place, no refund can be made.
5. Lands offered for sale will be advertised for one month in the *Government Gazette*, at the expiration of which time they will be sold by public auction.
6. Ten per cent. of the purchase money, together with the surveying expenses, must be paid on the day of sale, and the balance within one calendar month thereafter; in default of which the ten per cent. and surveying expenses so paid will be forfeited to the Colonial Treasury.

RENTAL OF PASTORAL LANDS.

By Government Notice of 12th August, 1872, certain conditions, which have been approved by the Secretary of State, are published for general information.

Applications will be received by the Surveyor-General for the lease of tracts of Crown Lands, not less than 1,000 acres, and not exceeding 2,000 acres in extent, at a yearly rental of not more than 1d. per acre, nor less than half that sum.

One year's rent must accompany each application.

Each lease may be converted into freehold at 5s. per acre, or a portion of the same, not less than 250 acres, and in the latter case, the leaseholder shall be entitled to a further lease of twice the quantity converted into Freehold as grazing land at such rent, not exceeding 1d., and not less than $\frac{1}{2}$ d. per acre, as may be determined on by the Government. These lands are also held under certain conditions as to stock.

Books or publications so prepaid in Natal are delivered free of any further charge at the sea-ports of the Cape Colony; but, if thereafter forwarded by post to any of the inland towns of that Colony, are subject to an additional rate of postage, to be paid on delivery.

Books or publications posted in the Cape Colony for Natal, and sufficiently prepaid, are delivered at Durban, the sea-port of this Colony, free of charge; but, if thereafter transmitted by post to any of the inland offices, they are liable to the ordinary local rates of Inland Book Postage, as notified from time to time.

POSTAGE ON NEWSPAPERS.

No postage is chargeable on any local newspaper transmitted by post between any places in the Colony; but if sea-borne, they are subject to a postage of 1d., with the exception of those from the Cape Colony, which are delivered free.

SOLDIERS' AND SEAMEN'S LETTERS.

Soldiers' and Seamen's letters are only chargeable with 1d., whether posted for delivery in the Colony, or the United Kingdom, or Cape Colony, or elsewhere, but are not allowed to exceed half an ounce in weight.

POSTAGE ON LETTERS, NEWSPAPERS, ETC., TO BRITISH COLONIES AND FOREIGN COUNTRIES.

The rates of postage chargeable upon letters, newspapers, and book packets forwarded to British Colonies and Foreign Countries through the United Kingdom, both by Mail Packet and Private Ship, are as follows :—

Taxes, &c.

POSTAGE—(continued.)

BY MAIL PACKET.

MEM.—1. In those cases where the names of places are printed in italics, the postage must be prepaid.

2. Letters may be registered to all places *except those places marked (a)*; to those places marked (b) the additional charge for registration is a sum exactly equal to the postage, whatever that may be; but in all other cases the Registration Fee is 8d. from Natal to the place of destination.

3. An additional postage of 3d. per $\frac{1}{2}$ ounce must be collected and accounted for on letters: 1d. on each newspaper, and 3d. per 4 ounces on book packets and patterns, for the places marked thus (*) when addressed to be sent *via Brindisi*.

4. No newspaper packet, book packet, or packet of patterns addressed to Portugal, Madeira, the Azores, or Cape de Verds, must exceed 1 lb. in weight; and the weight of any such packet for Russia or Poland is limited to 8 ounces. *A Packet of Patterns* for Germany or Belgium, or any country *via* Belgium, must not exceed 8 ounces.

5. With the exception of the ordinary corrections of the press, and those on unbound proof sheets, no packet containing manuscript can be sent at the book rate to any German State, Russia, Denmark, Turkey, Moldavia, Wallachia, Austria, Greece, the Ionian Islands, the United States, Portugal, Madeira, the Azores, or Cape de Verds.

POSTAGE—(continued.)

BY PRIVATE SHIP.

To be accounted for to the General Post Office, London, by the CAPE OF GOOD HOPE, NATAL, and ST. HELENA, upon letters, newspapers, book packets, and patterns forwarded through the United Kingdom, addressed to the undermentioned Colonies and Foreign Countries, when the letters, &c., are conveyed to the United Kingdom by *Private Ship*.

MEM.—1. In those cases where the names of places are printed in italics, the postage must be prepaid.

2. Letters may be registered to all places *except those places marked (a)*; to those places marked (b) the additional charge for registration is a sum exactly equal to the postage, whatever that may be; but in all other cases the Registration Fee is 8d. from the Cape of Good Hope, Natal, or St. Helena, to the place of destination.

3. An additional postage of 3d. per $\frac{1}{2}$ ounce must be collected and accounted for on letters: 1d. on each newspaper, and 3d. per 4 ounces on book packets and patterns, for the places marked thus (*), when addressed to be sent *via Brindisi*.

4. No newspaper packet, book packet, or packet of patterns addressed to Portugal, Madeira, the Azores, or Cape de Verdes, must exceed 1 lb. in weight; and the weight of any such packet for Russia or Poland is limited to 8 ounces. *A Packet of Patterns* for Germany or Belgium, or any country *via* Belgium, must not exceed 8 ounces.

5. With the exception of the ordinary corrections of the press, and those on unbound proof sheets, no packet containing manuscript can be sent at the book rate to any German State, Russia, Denmark, Turkey, Moldavia, Wallachia, Austria, Greece, the Ionian Islands, the United States, Portugal, Madeira, the Azores, or Cape de Verdes.

FEES UPON NATIVE USAGES AND CUSTOMS.

By Law No. 1, 1869, power is given to the Lieutenant-Governor, with the advice of the Executive Council, to impose Fees upon Native Usages and Customs, in such manner and on such conditions, and subject to such restrictions, as to the Lieutenant-Governor may seem fit. By Proclamation of 27th September, 1869, it was proclaimed and made known as follows :—

That from and after a day to be named herein or hereafter, all marriages, or cases of divorce between native and native, and all translations, whether of wives or sons of natives, celebrated, decreed, or made, in any County or Division of this Colony, shall be registered in the office of the Resident Magistrate of such County or Division, acting in his capacity of Administrator of Native Law, and that a fee shall be payable on each such registration.

That the manner of registration and the fee payable on each such registration shall be in accordance with such regulations as may from to time be issued to the respective Magistrates, under the provisions of Law No. 1, 1869.

That this order shall apply to, and come into force within the Counties of Pietermaritzburg, Durban, Umvoti, and Weenen, and the Divisions of Klip River and Newcastle, and the Inanda and Tugela Divisions of the County of Victoria, upon and after the first day of November next (1869).

And by Proclamation of 18th October, 1869, it was further proclaimed and made known, that the same orders should apply to, and come into force in the Division of Upper Umkomanzi, County of Alexandra, and County of Alfred, upon and after the fifteenth day of November, 1869.

COURT OF THE PROTECTOR OF INDIAN IMMIGRANTS.—By Government Notice No. 85, 1873, the scale of fees to be taken in the Courts held by the Protector of Indian Immigrants were laid down as follows:—

In civil cases between Indian Immigrants where the amount sued for is £5, or less	0	5	0
More than £5, not exceeding £10	0	10	0
More than £10, not exceeding £15... ..	0	15	0

And thereafter at the rate of one shilling in the pound.

When the claim is for property other than money, the fee shall be fixed on the above scale according to the estimated value of the property or thing claimed—such value to be fixed after such inquiry as may be necessary by the Protector of Indian Immigrants.

*Taxes, &c.***MARKET DUES.**

Under authority of Ordinance No. 8, 1847, Dues are leviable at markets established at any place not being a municipality at the following rates :—

Sellers, where produce does not exceed £20	...	...	2 per cent.
„ „ amounts to £20 or upwards	...	...	1 „

NOTE.—Ladysmith is the only place where a market has been established under this Ordinance.

TOLLS.

All Tolls in the Colony were abolished from the 1st March, 1872, excepting that at the Berea ; by Law No. 18, 1872, a proviso is made with respect to the Berea Toll, that on payment by the Government of a sum to be agreed upon not exceeding £10,000 to the Town Council of the Borough of Durban, the power and authority for the levy and collection of the Toll shall vest in and be exercised by the Colonial Government. The Government have not yet taken any steps to acquire this right.

TELEGRAPH.

The Electric Telegraph line between Durban and Pietermaritzburg was taken over by the Government on September 1st, 1873. The following tariff of charges was authorised by Government Notice No. 180, 1873 :—

For a message of twenty words or less		...	1s. 6d.
For every additional ten words or fractional portion of the same	...	...	6d.
For <i>bona fide</i> press messages, half the above rates.			

FINES

Are levied according to circumstances, after condemnation of the parties by a competent Court. They are either fixed by law for particular offences, or left to the discretion of the Judge or Magistrate before whom the parties are tried.

REIMBURSEMENTS IN AID OF EXPENSES INCURRED BY GOVERNMENT, AND SUMS REFUNDED AND SURCHARGES RECOVERED.

It is impossible to state the nature of the receipts brought to account under this head, since they depend, for the most part, upon circumstances and contingencies not to be foreseen.

PROCEEDS OF SALE OF GOVERNMENT PROPERTY.

The proceeds under this head are of course variable, and cannot be defined with any degree of exactness, but generally arise from the sale of presents from Native Chiefs, school-books, and such sales of other Government property as cannot be classified under land and other heads of revenue.

SALE OF AMMUNITION.

The receipts under this head are the proceeds of the sale of Ammunition, which, by Law No. 12, 1862, is placed under the control of the Colonial Government.

Fees, &c.

MISCELLANEOUS RECEIPTS.

Under this head are classified several minor receipts, among which are comprised the following :—

1. **SURVEY FEES.**—These consist of sums paid by purchasers of **Crown Lands** for the survey of such lands, when performed by the Surveyor-General.
2. **SCHOOL FEES.**—For tuition at the Government Schools.
3. **FEES** under Law 4, 1870 (Patent Law), as follows :—

For any number of acres between 150 and 20,000, not given in the above scale, the amount for the nearest number of acres in the scale is to be taken.

Rectilinear Figures of more than Four Sides.

The remuneration for four sided figures, as above, to be increased by one-twelfth thereof, for every additional side; such sides as may be in common with any adjacent extent, surveyed at the same time and by the same surveyor, being reckoned in the charge for each figure as half a side.

This increase is to be subject to disallowance by the Government if it should appear that the number of beacons has been unnecessarily increased.

Additional Allowance for Curvilinear Boundaries, and Boundaries passing through Bush.

For curvilinear boundaries, such as a river or a road:—

							£	s.	d.
For every acre contained in the imaginary line or lines joining the points or stations taken by the surveyor on the said curvilinear boundary	...	...	...	...	...	...	3	0	0
For every square yard of dense bush requiring to be cut on any boundary	...	...	...	...	...	...	0	0	3

In the survey of any land on which the bush is not dense, although requiring to be cut on the boundary line, a less sum per yard will be allowed. And in any survey in which a boundary line so cleared of bush is in common with adjoining land surveyed at the same time, and by the same surveyor, the remuneration for cutting bush will be reckoned at one-half the above sum.

	£	s.	d.
Remuneration, per day	2	2	0
Hire of two horses, per day, at 7s. 6d. each	0	15	0

These allowances are to be paid to the surveyor while he is actually engaged in inspection, and also while he is travelling for the purpose of inspection, from his place of residence in the Colony, or from the place where last employed, to the ground to be inspected, and back again, or onwards to other work ; but allowances under this head are only to be charged for distances actually and necessarily travelled in economically-arranged tours of inspection.

Allowances for erecting Beacons.

	£	s.	d.
For beacons of figures of less than twenty acres, at the rate, for each beacon, of	0	2	6
For beacons of figures of twenty acres and upwards, at the rate, for each beacon, of	0	5	0

In the survey of several figures together, the charge for all the beacons at the above rates, will be divided equally ; and each figure will bear its proportion.

POUND FEES.

Under Proclamations dated May 20, and October 24, 1871, Poundmasters are allowed to take the following fees:—

	£	s.	d.
For every ass, mule, or horse	0	1	0
For every head of horned cattle	0	0	6
For every sheep or goat	0	0	2

And for herding the same, twopence per day for every head of cattle, and one penny per day for every sheep or goat, to be paid by the owner of such animals, for the period during which the same shall be impounded; and upon the payment being made of the above charges, and of mileage at the rate of threepence per mile, the said cattle so impounded shall immediately be returned and delivered up to the owner, or the person authorised by the owner, on making such payment for the owner of the said cattle.

For any contravention of the regulations under this Proclamation, where no special provision is made, the party contravening is liable to a fine not exceeding £5, or imprisonment not exceeding one month.

All fines and penalties imposed by these regulations are recoverable in the Court of the Resident Magistrate who has jurisdiction in the Division within which such contravention may have taken place.

Decrease.			REMARKS.
£	s.	d.	
...	...	...	Much larger increase in value of Imports ; large importations for the trade in the Interior.
2,013	2	7	Owing to increased cost of transport, the distillers have not found it advantageous to produce so much.
...	...	...	Increase in arrivals of shipping.
...	...	...	Do., do.
7,228	4	7	No large sales were held ; in those that were, the prices realised were good.
...	...	...	Many arrears paid up.
...	...	...	Considerable increase on value and in number of transfers of landed property.
...	...	...	More sales at Auction, and realising better prices, especially for stock.
...	...	...	Larger business transacted, principally in the Registrar of Deeds' Office.
...	...	...	Casual, and not more than should appear ; the amount received is under that estimated by nearly £800.
...	...	...	Increased postal facilities ; larger sale of postage stamps.
...	...	...	Considerable increase ; a still larger one on the Estimate.
...	...	...	Do., do., do.
...	...	...	Not as much increase as was anticipated.
555	1	10	Casual, as the prices realised were equal to those of 1872.
...	...	...	Reimbursements of expenses, principally on account of freed slaves & St. Helena Immigrants.
...	...	...	Considerable receipts under Law 12, 1872, which will in future appear in separate accounts ; none where received in 1872.
...	...	...	Large increase in sales.
31	18	0	Casual ; considerably in excess of that estimated.
...	...	...	Increase arises from proceeds of investment of surplus funds.
1,440	7	2	No sugar, or very little indeed, was made at the Umvoti Sugar Mill.
...	...	...	Large receipts from sales of stores, &c., Zulu Expedition, and Commando against Langalibalele.
...	...	...	New item of receipt.
7	10	0	No receipt under this head at present.

1873.

POLITICAL FRANCHISE.

(Extract from Royal Charter, dated 15th July, 1856.)

§ 11. Every man, except as hereinafter excepted, above the age of twenty-one years; who possesses any immovable property to the value of £50, or who rents any such property of the yearly value of £10, within any Electoral District, and who is duly registered in manner hereinafter mentioned, shall be entitled to vote at the election of a member for such district. When any such property as aforesaid is occupied by more persons than one, as proprietors or renters, each of such occupants, being duly registered, shall be entitled to vote in respect of such property, provided the value, or, as the case may be, the rent thereof, be such as would entitle each of such joint occupants to a vote if equally divided among them.

§ 12. Aliens, not having been naturalised by some act of the Imperial Parliament, or of the Legislature of Natal, and persons who shall have been convicted of any treason, felony, or infamous offence, and shall not have received a free pardon, shall not be qualified to vote at any such election.

§ 13. No person shall be capable of being elected member of the Legislative Council unless he shall be a duly qualified and registered elector of some electoral district in the colony, nor unless he shall have been invited to become a candidate for such election by at least ten electors of the county or borough which it is proposed he shall represent; nor unless such requisition shall have been transmitted to the Resident Magistrate of the county or borough, with a notification of the said candidate's acceptance thereof, at least fourteen days before such election is appointed to take place.

(Extract from Law 11, 1865, disqualifying certain Natives from exercising Electoral Franchise.)

1. Every male native, resident in this colony, or having the necessary property qualification therein, whether subject to the operation of the Native Laws, customs, and usages in force in this colony, or exempted therefrom, save as in this law is provided, shall be disqualified from becoming a duly registered elector, and shall not be entitled to vote at the election of a member of the Legislative Council for any electoral district of the Colony of Natal.

2. Any male native inhabitant of this colony who shall show to the satisfaction of the Lieutenant-Governor that he has been resident in this colony for a period of twelve years, or that he has been occasionally resident therein equivalent to a twelve years' residence, and who shall possess the requisite property qualification, and shall have been exempted [see Law 28, 1865] from the operation of Native Law for a period of seven years, and who shall produce to the Lieutenant-Governor a certificate signed by three duly-qualified electors of European origin as near as may be to the form in Schedule A appended to this Law, and endorsed by a Justice of the Peace or Resident Magistrate of the district in which such native resides, a statement to the effect that the Justice or Resident Magistrate endorsing said certificate has no reason to doubt the truth of said certificate, and that the persons signing it are credible persons, shall be entitled to petition the Lieutenant-Governor of Natal for a certificate to entitle him to be registered as a duly qualified elector for that electoral division in the colony in which such native may possess the requisite property qualification.

3. The Lieutenant-Governor may direct that the application of any such native be published in the *Government Gazette*, and call upon any person having objection to any such native becoming a duly-qualified elector, to submit such objection in writing to the Secretary for Native Affairs, for the consideration of the Lieutenant-Governor.

4. The Lieutenant-Governor may make such rules and orders in and about the publication of any such application, and receiving, and entertaining, and deciding upon, any objection thereto, as may to him seem necessary.

5. The Lieutenant-Governor may, at his discretion, grant or refuse to any native applying in manner aforesaid for such certificate, entitling him to be registered as a duly-qualified elector; provided always no such certificate shall be granted unless it shall have been published in manner described in Clause 3, at least three months previous to the granting thereof.

6. Every male native who shall have been exempted from the operation of Native Laws, customs, and usages, for a period of seven years, and who shall have obtained a certificate from the Lieutenant-Governor entitling such native to be registered as an elector, and who shall be possessed of the immovable property qualification required by any Law in force for the time being in that behalf, shall be entitled to be duly registered as an elector, and, when registered, shall be entitled to vote at the election of a member of the Legislative Council for such district in which he may possess such property.

7. Every male native to whom such certificate shall have been granted by the Lieutenant-Governor so long as he may possess the requisite property qualification, and who shall not be convicted of treason or of any infamous crime, or of any crime which, if committed in England, would be felony, shall, subject to the provisions of Her Majesty's Letters Patent given at Westminster the fifteenth day of July, in the twentieth year of Her Majesty's reign, or any law in force for the time being in that behalf, be entitled to vote at the election of a member of the Legislative Council for the district in which he may possess such property qualification.

...	...	...	...	...	...	...	These statistics, compiled from Returns sent in by the Resident Magistrates, are an approximation only, and are unavoidably incomplete in certain particulars. The Return for Pietermaritzburg Borough is compiled from the census taken by the Superintendent of Police in April, 1873. The Return for Durban Borough gives totals only, without details. The Return of the Native Population is given approximately, the calculation being based on the number of huts on which the hut tax was paid. The number of Births, Marriages, and Deaths, as recorded at the office of the Registrar-General, is as follows:—Births, 467; Marriages, 147; Deaths, 227. Appended to this Return will be found a Return by that officer of the number of Births, Marriages, and Deaths from 1868 to 1873 (both inclusive), as registered in his office under Law No. 16, 1867.

REMARKS.

3. The numbers have decreased since last year, owing to the departure of many for the Diamond and Gold Fields.
4. Services are also held at the Gaol by the Bishop of Maritzburg and Dean Green.
6. There is a Government Grant of £100 per annum to the Roman Catholic Bishop.
7. Occasional services are held at Noodsberg, where the average attendance is 80, and the Sunday Scholars 40. At Mooi River an occasional service is also held; attendance about 70, and Sunday scholars about 30.
8. The pastor receives £60 per annum from the Imperial Government as Chaplain to the Presbyterian soldiers. There are also stations in the country, the returns of which are included in the accompanying statistics.

NOTE.—The Lutheran Churches marked * are supported chiefly by the Hanoverian Mission Society.

REMARKS.

9. The new Church has been completed and opened during the year. The return includes members and adherents in the country districts, and is only an approximation.

11 and 12. This return is for the Pietermaritzburg Circuit, in which there are six Chapels and twelve preaching places. The salaries of the Wesleyan Ministers are paid partly by the Circuits, and partly by the Wesleyan Missionary Society.

13. The work of this mission is carried on amongst the native servants employed in town, and of these the congregation is mainly composed. The demand for labour of this description at the Diamond and Gold Fields has drawn many away from Pietermaritzburg, which will account for the falling off in numbers.

14 and 15. These are returned as lent by the Church of England to the Church of the Province of South Africa.

17 and 18. A Parsonage is to be built, for which the money is provided.

19. In the York Circuit there are four chapels, and eight other preaching places, the statistics in reference to which are included in this return.

23. There are two Native Chapels and eight other preaching places under the charge of the Wesleyan Minister stationed at Edendale.

25. The Impolweni Mission Station is connected with the Church in Pietermaritzburg, presided over by the Rev. Jas. Allison. There is only a temporary building used as a Chapel. There is no evening school held.

29. The parish extends along the coast from the Tugela to the Umzimkulu.

31, 39, 42, 45, 49, 54, 61, 82. The Branch Churches are supplied principally by lay agency, the pastor visiting them occasionally. They are all under the superintendence of the Rev. W. H. Mann. There are no services held by the Congregationalists for Natives or Coolies. Expenses are met by weekly offerings.

32. This return is for the Durban circuit, in which there are nine Chapels and seventeen other preaching places.

33. The Coolie Mission under the direction of the Rev. R. Stott includes all the Coolies on the coast, who are periodically visited on the plantations, about 60 in number, extending 50 miles N. and S. of Durban. The approximate number administered to is 5,000. There are several day and evening schools for males and females connected with the mission, particulars of which will be found in the Return "Education" (T).

REMARKS.

43, 44. The Church of the Province of South Africa having taken up the work at Sydenham and Umgeni Bridge only recently, there are no school-rooms, Churches, or other buildings belonging to her at present at these places.

45, 49, 51. The above outstations are supplied principally by lay agents from Durban, but are visited occasionally by the pastor who supplies the central Church in Durban.

50. This stipend is paid out of the Diocesan Fund.

52. Contributions at the door on Lord's Day cover the expenses of the Chapel.

53. The minister is supported by the Berlin Mission Society and congregation conjointly.

REMARKS.

62, 68, 69. The congregations of the Dutch Reformed Church in the two Divisions of Klip River County are under the superintendence of the Rev. J. McCarter, who resides at Ladysmith. The numbers of average attendance given are compiled from the average attendance at Nachtmal. The numbers of persons belonging to the congregations and of communicants can only be given approximately, on account of the migration of the Dutch farmers into the Free State and South African Republic, and because many Dutch families spend half the year Overberg. Local circumstances prevent the keeping of a regular Sunday School, but 150 children are instructed by the minister. Services are held at Ermelo and Newcastle and at other stations as often as opportunity offers.

YEAR ENDED 31st DECEMBER, 1873.

REPORT

OF THE
SUPERINTENDENT OF EDUCATION
FOR THE YEAR 1873.

Table No. 1* contains the usual Annual Returns for the Blue Book.

Table No. 2 is a continuation of the tabular statement in the Report of 1869, and shows the total number and average attendance of scholars, the Government grants, and private contributions to our schools during the past four years.

Table No. 2.

Year.	Total Number of Scholars.	Average attendance at the end of the year.	Government Grant in Aid.	†Private Contributions in Aid.
1870	2,450	1,797	£4,097 0 6	£5,124 2 3
1871	2,511	1,856	4,000 17 6	5,863 19 11

1873	2,836	2,081	4,880 10 0	10,590 11 7

Table No. 3 shows the population in our two Boroughs, and in the Counties, taken from the Blue Book of 1872, the number of children between 5 and 15, compared with the number in attendance in the aided schools at the end of 1873. It shows how the Government and private aid was distributed among the Counties in 1873, and the proportions which the total population in each County and in the Boroughs bore to the children between 5 and 15 in 1872.

Table 4, taken from the Blue Book of 1872, shows the wards into which the Counties are divided, and the numbers of boys and girls between 5 and 15 in each ward. No statement can present the difficulty of providing schools for our children more plainly than this table. Taking, for instance, the returns for the County of Pietermaritzburg, we find in Ward No. 1 only a number of children sufficient

* *Vide* previous page.

† Under the head "Private Contributions" is included the fees paid in day and boarding schools, subscriptions and contributions, such as school room, teachers' board and lodging, reduced to a value in money.

‡ The census of Durban (31st July, 1872) does not show the number of children between 5 and 15, only "boys and girls under 18." At the same rate as Pietermaritzburg, we should have 851.

to warrant the presence of two schools in the Ward if the families lived in proximity ; as it is, they live scattered over a Ward of 25 miles in length and breadth. In Ward No. 4, extending from Giant's Castle to Richmond, a distance of sixty miles at least, we have (if the returns are accurate*) only 65 children between 5 and 15 ; and in Weenen, Ward No. 1, stated to have 92 children who should be at school, lies 40 miles at least along the Tugela from Colenso to the Draakensberg, and southward as much again to Cathkin.

The presence of boarding schools in the Borough and County of Pietermaritzburg, and in the County of Umvoti, accounts for the large returns from these Counties under the head of "private aid;" and the expenses of the High and common schools in Pietermaritzburg and Durban, swell the total amounts of public money spent in the two Boroughs.

From Table No. 3 it appears that the proportion of children between 5 and 15 years old to the total population is as 1 to 3·71, or, to speak generally, out of every 22 people in the Colony 6 should be at school. In Pietermaritzburg only (there is no return in this respect from Durban) does the population bear to the children between 5 and 15 a proportion greater than 4 to 1. Without the means at hand of comparing these returns with similar returns elsewhere, my impression is that in this Colony we have to provide school accommodation in proportion to the population in excess of that which is found to be sufficient at home.

GOVERNMENT SCHOOLS.

THE HIGH SCHOOLS AT PIETERMARITZBURG AND DURBAN.

The masters in our two High Schools, as in other schools of the secondary class in the Colony, have two difficulties, among others, to contend with. The one is that they have to receive boys whose previous training has been defective; boys who should be in a preparatory school as requiring special attention, and who, on the principle that the pace of a regiment is that of the weakest man in it, retard the progress of the rest. The other difficulty is that at fifteen, just about the period when a boy having acquired some knowledge, has begun to acquire also habits of correctness, application, and analysis, he is removed to earn his livelihood.

Considering our many drawbacks, and comparing our examination papers with those of the Cape and of the local examinations of Cambridge and Oxford, there is good reason to be satisfied with the results of Mr. Forder's and Mr. Russell's works in our High Schools.

In the High School, Pietermaritzburg, the numbers have increased under Mr. Forder's energetic management. The ordinary attendance at the end of the year was 46 against 43 in 1872, and the average attendance throughout the year has been 44 against 34 in 1872.

Mr. Forder has lost the services of Mr. Scoones, assistant master, with charge of the French classes, for six years. I have from time to time received favourable reports of his efficiency, zeal, and good temper. The salaries of the assistant masters here and at Durban were somewhat raised in the past year, viz: from £120 to £150, but Mr. Scoones found the salary insufficient to meet the increased expenses of living here, and he has been obliged reluctantly to resign.

At Durban we have lost the services of Mr. Russell, the head master. He came to the Colony in 1866; in 1872 he was compelled to go to Europe on sick leave, but resumed work in 1873, only to find that his health would not stand the climate; his resignation took effect on the 1st April; he has completed eight years of cheerful, laborious, and thorough work, the results of which, I feel sure, will be seen in the career of the boys now growing up who have had the good fortune to be under his charge.

The numbers of the High School, Durban, have decreased during the present year from 48 in 1872 to 40, owing to the fact that some parents in Durban prefer to send their children to the boarding schools which have been opened in the uplands, such as Bishop's and Hilton Colleges.

THE COMMON (MIXED) GOVERNMENT SCHOOLS OF PIETERMARITZBURG AND DURBAN.

During the first half of 1873, the Government School was held in its old quarters, the Dutch Church. The Government had been warned that it was the intention of the Consistory to sell the land, and a sum of £1,600 was placed on the Estimates of 1873 for the purpose of building a school house. The work commenced was stopped in March, resumed in July, and again arrested in September, since which date nothing further has been done.

In the mean time the Dutch Church was sold, and the Government removed the school to Mr. Caldecott's shed on the Market Square in July, paying at the rate of £72 a year in place of £36, which had been paid for the Dutch Church. After the new buildings were stopped in September, it became necessary to continue the occupation of the shed in 1874, and a lease was obtained for one year for the sum of £100.

The shed was the only available building at the time, though the roof being nearly flat and of iron, the heat during the summer has been at times unbearable. There is no land around it for the children, and the packing and unpacking of raw hides in the immediate neighbourhood is objectionable. It is highly advisable that a public school house should be built as soon as possible.

Mr. G. F. Richmond, selected by the late Superintendent of Education, came out from England and took charge of this school in April, and he has carried it on most successfully, under circumstances of difficulty. He is gradually introducing the system adopted in England for the management of common day schools; he has already dispensed with the services of one assistant, without injuring the efficiency of the school, and has thereby saved £50 a year. As he is able to select and train children to act as monitors, and afterwards as pupil teachers, he will be able to dispense with the services of his present assistants, thereby further reducing the expenses of this school by a sum of £100 or thereabouts.

At Durban the Government school of this class is still held in the old wooden building by the Hospital, on the land belonging to the Corporation, and let by them at a nominal rent to the Government so long as it might be required for a public school. The building was not intended for a school house, and is in a state of decay. A sum of £1,600 was placed on the Estimates for 1873 for a new school house, and the Corporation of Durban granted land in Queen Street for its site, on the understanding that the land by the Hospital, at present occupied by the school, should be given back to them when the school in Queen Street should be opened. Up to the present time material for the building only has been deposited on the ground, but the building has not been commenced.

The school remains in charge of Mr. Hepworth, who (on the recommendation of the Rev. Canon Nisbett, late master of the Government School at Pietermaritzburg, in which school Mr. Hepworth had been an assistant teacher for six years) was made acting head master in October, 1872.

The school fell into some disorder on the resignation of the headmaster, Mr. McLetchie, in the previous June.

Mr. Hepworth has restored the school to good order; he has raised the average attendance from 60 at the end of 1872, to 88 in 1873; he has introduced vocal music on the Tonic Sol Fa system; and he is on friendly terms with his assistants. He was recommended in October for confirmation of his appointment, but at present without success.

Beside the grant of land in Queen Street by the Corporation, a grant of land at the Point was approved by the Government in October, and provision was to be made for building a school and master's house in the Estimates for 1874. This, however, has not been done.

It is particularly desirable that a school should be established as soon as possible in this neighbourhood. The boys are growing up without training. There is not at present, so far as I am aware, a boys' school at the Point, and their presence is refused or granted only as an especial favor in such schools as exist there, and even if a Government mixed school were established at once, it would, I fear, be some time before the parents would send their girls to it.

Following up their own act in granting a school site in Queen Street, and the act of the Government in selecting a site at Addington, the Corporation offered a third site for a school on the Berea, on condition that the Government would build on it; but the Government has given the Corporation to understand that the duty of erecting the requisite building rests with them.

In October, 1872, Dr. Mann, the late Superintendent of Education, was requested by the Government to select a teacher for the school at Durban, in place of Mr. McLetchie. Before Dr. Mann had made a selection, however, he received news of the appointment of a new Governor and the election of a new Legislative Council. On this he asked for fresh authority. This was sent him in October, but no news has reached us since of his action in the matter.

AIDED SCHOOLS.

PIETERMARITZBURG CITY AND COUNTY.

The Infant School has lost the valuable services of Miss Chatterton, who had acquired the system of Infant School drill from her predecessor, and carried it on with success.

This and the sister school at Durban we owe to the Wesleyan body; they are the only schools of the kind in the Colony. In past years the teachers were procured at home, having received the especial training essential to success in these schools. Of late, however, the great demand for these teachers at home has rendered it difficult to secure their services out here; and in Pietermaritzburg, as in Durban, the teachers have had to acquire a knowledge of the system on the spot.

Mr. Wade, a veteran school master in England and in this Colony, who conducted the secondary school in Chapel Street, belonging to the Wesleyans, has been at length compelled to retire, and at present no one has succeeded to his charge.

Miss Wilson, who has ably conducted the school (Ward No. 1) for girls in the City, has resigned, but the school is carried on by her successor.

The day and boarding school held in the Wesleyan Chapel at Broughton has somewhat suddenly lost the services of Mr. Mason, by whom the boarding school element was introduced. His place, however, has been supplied, and with a fair prospect of success.

The school at Fox Hill has been closed for a time, awaiting a successor to the late master. The schools at Fort Nottingham and Boston have been given up.

On the other hand, two infant schools, one in the City and the other at New Leeds, and a school at York belonging to the Wesleyans, appear on the list of 1873.

Two boarding schools also of the secondary class appear for the first time, one Bishop's College in Pietermaritzburg, founded by the Church of the Province of South Africa, and the other Hilton College, in the country, the result of the individual energy of the Rev. W. O. Newnham, independent of denominational or other aid. Both these schools are for boys, and Mr. Newnham's exclusively for boarders.

DURBAN BOROUGH AND COUNTY.

In the town of Durban the school of St. Joseph's, under the Rev. J. B. Sabon, has lost the services of Miss Mahoney, and changes have taken place in the mastership of Sydenham, New Germany, and of both schools at Pinetown.

At New Germany the Rev. C. W. Posselt has brought with him from Hanover a teacher for the school in which the children are Germans. The teacher cannot at present speak English well, although he has a grammatical knowledge of it and understands it. He will be assisted for the present by the mistress.

Apparently it is as difficult to draw trained teachers from Germany as from England at present, and Mr. Posselt has had to make terms with the master whom he has brought out, which appeared hard to one or two, but have received the approval of the great body of the settlers.

KLIP RIVER COUNTY.

In Klip River County, Mr. Thorrold has succeeded to the charge of the schools at Ladysmith; he was for a while at the Government School at Pietermaritzburg, studying the system under Mr. Richmond.

Of the Itinerant Grants for this County, two only are used.

VICTORIA COUNTY.

A school at Umhlali, which has been in existence for several years under Mr. Hulett, has been placed on the list of 1873.

The district including Cornubia, Blackburn, Rosehill, Avoca, and the little Umhlanga, has been for years in an unsatisfactory state as regards its schools. Mr. Ripley at present is the only teacher left, and he has to conduct two schools at some miles apart.

This district affords proof of our need of some central controlling body, removed from the immediate interests of each neighbourhood, yet cognizant of them, and with power to see its measures carried out. The difficulty of our local boards is, that its members seldom act in harmony, whereas people who object to the decision of a local committee on matters connected with their school would probably submit to those of a body acting from a distance, assisted by, but independent of, local advice and interests.

Towards the frontier a school at New Guelderland chiefly used by the settlers from Holland has been closed.

UMVOTI COUNTY.

The boarding school at Hermannsburg has declined in numbers, owing no doubt in a measure to the preference felt by the Colonists to schools, like Bishops's College and Mr. Newnham's, in charge of English gentlemen.

The School at Broeder's Hoek has been closed. Of the eight Itinerant Grants which were raised to £20 a year at the suggestion of the Umvoti school committee, four only have been used.

WEENEN COUNTY.

No applications have been made during the year for grants in aid of schools; and the school at Enon, which alone survived into this year, was closed in March.

No applications have been received for the use of Itinerant Grants in this county.

PIETERMARITZBURG AND DURBAN HIGH SCHOOLS.

The average yearly attendance at the High Schools of Pietermaritzburg and Durban, since their foundation has been as follows.—

	Pietermaritzburg.			...	Durban.		
1863	...	...	...	39	...	...	...
1864	...	...	...	46	...	...	...
1865	...	...	...	50	...	...	...
1866	...	...	...	40	...	...	*13
1867	...	...	...	48	...	...	31
1868	...	...	...	29	...	...	31
1869	...	...	...	21	...	...	32
1870	...	...	...	28	...	...	32
1871†	...	...	...	28	...	...	41
1872	...	...	...	34	...	...	48
1873	...	...	...	44	...	...	37

The fees up to the end of 1870 had been 20s., 16s., and 12s. a month, according to the number of boys of a family. In 1871 the fee was reduced to a uniform rate of 10s. in Durban from January, and in Pietermaritzburg from August.

The present cost of the High Schools is £540 for each school, thus :—

Head master	...	...	...	...	£250
Assistant master	...	...	...	...	150
Petty expenses (including drill)	...	...	...	...	40
Rent	...	...	...	...	100
					£540

The Total Receipts in 1873 have been :

High School, Pietermaritzburg	...	...	£237	0	0
High School, Durban	...	...	193	10	0

Leaving a balance of Expenses against :

High School, Pietermaritzburg, of	...	...	£303	0	0
High School, Durban, of	...	...	346	10	0

If the future action of the Government as regards secondary education is to be confined to maintaining standard schools at Pietermaritzburg and Durban, which are self supporting, the question of the fees to be charged in them must be reconsidered.

BOARDING SCHOOLS.

Of Boarding Schools which profess to give a secondary or higher kind of education, the Government at present is granting aids to:—Bishop's College with 43 scholars; Hilton College with 73 scholars; Hermannsburg † with 22 scholars.

The total, 138, gives us a fair means of ascertaining how many boys there are at present among us for whose education their parents are prepared to pay £40 a year.

It is to be presumed that about the same number of girls would be sent to Boarding Schools if they existed; at present the only School of the kind drawing an aid is St. Mary's College at Richmond.

The difficulty as to Boarding Schools is to provide proper buildings, and Mr. Newnham assures me that he would have many more scholars if he could take them in.

NOTE.—* Durban High School opened this year.

† Fees lowered.

‡ Hermannsburg returns a total of 52, but of this number 29 are children of the Mission Station, and for the present purpose must be omitted.

I think we may fairly calculate on 250 boys and 150 girls who would be sent to Boarding Schools if proper accommodation were provided.

Following out the idea of the Government providing model or standard Schools of this class, it appears not unreasonable to ask that the estates of the Pietermaritzburg and Durban Collegiate Institutions should be appropriated at once, and in the lifetime of the people who made the appropriations, to one Boarding School for boys and one for girls.

PRIMARY SCHOOLS.

It is manifest that our system of grants to Primary Schools in the country is not working satisfactorily; there is constant change of Masters and consequent poor results in teaching. Young men, untrained to teach, take a school for a time, as the means of procuring money to engage in other pursuits; others take to teaching as a last resort; few indeed, whether men or women, adopt teaching as a permanent occupation, as in the case of other professions.

These evils are increased by other circumstances; our thin and scattered population, our scanty means, and (it must be confessed) our indifference to the education of our children; it is sad to see in what strange outhouses, and with what rough accommodation, parents are content to let their children pass so many hours of their lives and in how many cases local jealousies are allowed to keep men from uniting to build school houses and to provide teachers for their children.

Local Boards, during the fifteen years in which the present system of Grants in aid has been at work, have not, generally speaking, succeeded in establishing schools on a good and permanent footing. Local efforts, combined with Government aid, have together proved insufficient to build schools and masters' houses; the fees and contributions are generally difficult to collect, and uncertain in amount and duration, and consequently there has not been sufficient inducement for efficient teachers of good character to settle among us. Men who have had a training as teachers do not settle among us, content to spend their lives, as in other branches of the public service, in the exercise of their profession.

In 1858 a Central School Board was appointed, apparently with a view to being the future executive element of our school system. Its action was, however, confined to drawing up a report recommending a system of Grants in aid of schools, and suggesting the appointment of a Superintendent of Education who was to be their Secretary, and on this officer virtually devolved the duty of carrying the system of Grants in aid into effect. He had to report directly to the Government on the state of the schools (native as well as white) receiving grants; he had to recommend schools for grants, and to fix their amounts; he was also (so far as white schools are concerned) made agent to receive their grants, and to settle and pay their accounts for goods and stationery supplied to them. He had, in fact, on the one hand, to certify to the Treasury that all these schools were in an efficient condition, keeping up their numbers as returned in their registers, keeping regular hours of attendance, and supplying sound instruction; on the other, he had, as agent, to keep their accounts, and to receive and distribute their grants, to which, as Superintendent, he had certified that they were entitled. And to do all this, involving not only the responsibility which lies on the head of any department, but a great deal of mere office labour, he has up to the present time not been furnished with any staff, either of inspectors or clerks.

It is clear that such arrangements might answer fairly enough when the schools were still few in number; and as the system developed, its inherent defects would no doubt have been remedied, but for the apathy of the colonists on the subject of education and their political contests, which have made them indifferent up to the present time to inquiry and reform.

The Commission of Education at present sitting has, up to the present time, had primary education under consideration. The results of their inquiries into this and other educational matters will doubtless form the subject of a report at the approaching Session of the Legislative Council.

Speaking simply as Superintendent of Education, I may express my hope that an attempt may be made to revive the Central Board of Education as the future executive element of any system ; but at the same time the experience of the last seven years makes me doubt whether we have yet among us the material to create and maintain an efficient Board.

The only Educational Board, beside the present Commission, at present in existence, is the body of Trustees of the Collegiate Institution, consisting of seven. It is always difficult out of these seven to secure the attendance of a quorum of three to transact business. Of the seven composing the present Commission, two have had to resign, and two, if not three, others have found regular attendance impossible, owing to the calls made on their time by their own business. We have as yet few men of sufficient leisure residing in Pietermaritzburg, and travelling for those who reside in the country will for years to come require time, trouble, and expense. Nevertheless, a Central Board, agreeing as it does with present feeling and practice in school affairs, should, I think, have a fair trial ; it should have powers conferred on it to hold lands for educational purposes, and it should have control over any local boards and trustees.

As to secondary education, the utmost which the Government can at present be expected to do, is to furnish a standard for other schools of the same class in the Colony. We have at present two day schools for boys ; we should certainly have two day schools for girls also. The aim should be to make these schools as far as possible self-supporting ; and the salaries given to the heads of these and to their assistants should be on a more liberal scale, sufficient to secure their willing and permanent services.

COOLIE SCHOOLS.

As the importation of Indian Immigrants has been resumed, we shall have a largely increased body of children for whom schools should be provided without delay ; the present difficulties are :—1. The want of teachers ; 2. The want of interest in the parents.

It would be advisable to secure the services of a trained teacher from India through the Protector of Immigrants ; The Rev. R. Stott (as stated in last year's Report) is of opinion that a qualified teacher could be secured for £60 a year and his passage money. A proper school house should be erected in Durban, and inducements held out to young scholars to qualify themselves to become teachers in schools on the plantations, by serving as monitors and public-teachers at the central school ; and wherever schools have been opened, and they are conducted to the satisfaction of the Protector of Immigrants, attendance of the children living on the plantations should be made compulsory.

T. WARWICK BROOKS,

Superintendent of Education.

COINS.

With the exception of some Australian currency, in sovereigns and half-sovereigns, the coins in circulation are exclusively British, and are the legal tender in discharge of all debts; consisting, in gold, of sovereigns and half-sovereigns; in silver, of crowns, half-crowns, florins, shillings, sixpences, fourpenny and threepenny pieces; and in copper, of pence and half-pence.

The coins in circulation have not in any way been defaced, altered, diminished, or augmented in their respective values.

There are Indian rupees in circulation to a small amount, which pass current for two shillings each.

AMOUNT OF COIN IN CIRCULATION.

This cannot be correctly ascertained; but the probable amount may be estimated at not more than £200,000. The Government and the Banks imported large amounts of coin during the year, but it is impossible to state how much of this sum remains in circulation here, or how much has found its way beyond the borders of the Colony.

ACCOUNTS.

All accounts, both public and private, are rendered in this Colony in British money ; and biddings at Land and other Sales by Auction are made also in British money.

WEIGHTS.

Weights of the Imperial Standard were legalised and brought into use in this Colony under the Ordinance No. 11, 1852.

Among the Dutch inhabitants, and in their commerce with the English, weights of the standard of Amsterdam are occasionally used ; the proportion being 92 lbs. Dutch to 100 lbs. English.

MEASURES.

The standard measures in this Colony are the Imperial, and were legalised by Ordinance No. 11, 1852.

The Dutch inhabitants, however, in disposing of grain, are in the habit of adhering to the old Dutch standard, viz. :—

1 Schepel equal to 766 old Winchester Bushel, or 743 Imperial.

1 Muid equal to 4 Schepels, or 3 065 old Winchester Bushels, or 2 972 Imperial.

1 Load equal to 10 Muids, or 30 65 old Winchester Bushels, or 29 72 Imperial.

Thus 107 Dutch Schepels are equal to 82 Winchester Bushels.

4	„	„	about 3 Imperial Bushels.
---	---	---	---------------------------

11	„	„	about 1 Quarter.
----	---	---	------------------

The measurement of Land in Natal, since it was proclaimed a British Colony, has always been Imperial, viz., by acres, roods, perches, &c.

Since the commencement of selling at the Pietermaritzburg Market of all produce by Imperial weights and measures, the practice of dealing by the old Dutch standard has been gradually discontinued, though still adhered to in some of the country districts.

* In this County, the large falling off from the return of 1872 (amounting in all to nearly one half), is to be attributed to the rebellion of the tribes of Langalibalele and Putuli.

† In this Division there was merely a nominal return last year; the calculation is as about one plough to each kraal.

‡ In these two Counties there was a nil return last year.

						The scarcity of labour has caused a decrease in the acreage cultivated for sugar and coffee. The cultivation of arrowroot and cotton is not in much favour. There are no improvements in machinery reported. Most of the Coffee Estates have well constructed coffee houses, and use a hand winnowing machine to clean and classify the berry.

CONDITIONS ON WHICH LAND IS GRANTED TO MILITARY AND NAVAL OFFICERS PROPOSING TO SETTLE IN THE COLONY OF NATAL.

1. In this Colony, Officers purchasing land are allowed a remission of the purchase money, according to the following scale :—

Field Officers of 25 years' service and upwards, in the whole	...	.	£600
Field Officers of 20 years' service and upwards, in the whole	...	...	500
Field Officers of 15 or less years' service, in the whole	...	...	400
Captains of 20 years' service and upwards, in the whole	...	...	400
Captains of 15 years' service or less, in the whole	...	...	300
Subalterns of 20 years' service and upwards, in the whole	...	...	300
Subalterns of 7 years' service and upwards, in the whole	...	...	200
Subalterns under 7 years' standing are not entitled to any remission in the purchase of land.			

2. Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of these Regulations; but Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army, Purser, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

3. In order to take advantage of these privileges, Officers of the Army on full or half-pay should provide themselves with a certificate from the office of the General Commanding-in-Chief, stating their rank and length of service; and Officers of the Navy should obtain from the Lords Commissioners of the Admiralty a certificate showing that their settlement in a British Colony has been sanctioned, and stating their rank and length of service. No document from the office of the Secretary of State is necessary.

4. This certificate will not on any account be issued to the same Officer more than once, nor to any Officer on half-pay who shall for two years immediately preceeding his application have resided in the Colony in which he seeks to make it available.

5. Gentlemen who have ceased to belong to Her Majesty's service will not be allowed advantages in the acquisition of land. This rule, however, is not to affect Officers, who having obtained permission to settle in a British Colony, have quitted the service for the purpose of doing so. But in such cases it will be necessary that their certificate of service and permission should be presented to the Governor of the Colony within one year from that date.

6. As these grants are made with the object of encouraging permanent settlement in the Colonies, Officers will not for the space of two years from the date at which they obtain their land receive a Crown grant for it, but will in the meantime receive a "Location Ticket." At the expiration of two years, the Officer on showing to the satisfaction of the Governor that he is *bonâ fide* a resident settler in the Colony, and has so resided continuously since receiving his "Location Ticket," will be entitled to a Crown grant in exchange for it. If, however, application should not be made for the exchange of the "Location Ticket" within twelve months from the expiration of the two years for which it is granted, it will be considered to have lapsed, and the land will be open to sale or grant. In case of the Officer's dying while holding a "Location Ticket," the land to which it refers will be transferred to his legal representative.

7. In case of such death occurring before the "Location Ticket" is obtained, the Governor of the Colony is authorised to make the certificate available in favour of the child, or other nearest representative of the deceased Officer, as he may find advisable.

By Government Notice No. 84, 1871, the following Conditions were added :—

Every Naval or Military Officer who may have received a "Location Ticket," or other provisional order entitling him, under certain conditions, and after a certain lapse of time, to receive a grant of Crown Land in this Colony, will be required, before he can receive an absolute grant in exchange for such "Location Ticket" or other provisional order, to show to the satisfaction of the Lieutenant-Governor, that he has resided on the land in question for not less than six months in each of two consecutive years, or during any twelve months of such two years, and that he has erected on the said land such buildings as at the expiration of that time may be certified by the Surveyor-General of the Colony to be suitable for residence and farm purposes, according to the agricultural character of the particular portion of the Colony in which such land may be situated, and that during such two years he has actually cultivated or stocked such land in such manner as may be certified by the Surveyor-General of the Colony to show a *bonâ fide* intention on his part to continue in the beneficial occupation thereof, or to have imparted to it an enhanced saleable value.

CONDITIONS ON WHICH GRANTS AND LEASES OF CROWN LANDS ARE MADE TO IMMIGRANTS INTO THIS COLONY, AS PUBLISHED BY GOVERNMENT NOTICE No. 22, 1869.

A settler with £500 capital, or an annuity of £50 a year, will receive a Land Order for 200 acres, with a 400 acre reserve.

A settler with £250 capital will receive a Land Order for 100 acres, with 200 acres reserve.

A settler with £100 capital will receive a Land Order for 50 acres, with 100 acres reserve.

The reserves will be purchasable at 5s. an acre at any time within the first five years.

Coast lands, but without any reserve, will be allotted at the rate of one-half the above Land Orders to the three classes of capitalists.

2. GRANTS OF LAND.—1873.

A settler with a competent knowledge of farming, and means to support himself and his family till he can raise his crop, will receive a Land Order for 50 acres, to which a reserved commonage will be attached, in localities where this is practicable.

Grants for the respective Land Orders will not be issued till after two years, and then only on proof of continuous occupation of the land during eight months of each year.

Assistance, not exceeding £10 per statute adult, will be given to all settlers selected and sent out by the Emigration Agent.

Pasturage Licenses will be issued for Land in Class A, terminable at the end of each year.

Applicants for Leases of Pasturage Lands in Class B, before 1st January, 1873, will be allowed a pre-emption over their runs at 5s. an acre, but will not be allowed to purchase less than the whole run.

Immigrants are allowed a period of 12 months after their arrival in the Colony for the selection of their lands, provided they do not quit the Colony during this period without the sanction of the Lieutenant-Governor.

RENTAL OF PASTORAL LANDS.—Immigrants possessed of adequate knowledge and means will be allowed to hire 1,000 acres of Crown Lands, suited for pastoral occupation, at a yearly rental of 1d. per acre. The lands thus let will be distributed into two classes ; of which one, Class A, will be nearer to townships and settlements ; and the other, Class B, more remote.

Class A will be let on an annual license, renewable at the pleasure of the Colonial Government from year to year.

Class B will be let on a lease for eight years, and both classes are subject to the conditions of actual occupation and stocking,* and the rent is to be paid each year in advance.

The above regulations apply to Immigrants coming to Natal provided with Land Orders from Dr. Mann, Emigration Agent in England, and also from the Cape Colony, with Land Orders from any of the Agents there ; but British subjects who may arrive from any country in which there is no Emigration Agent for this Colony, will likewise be entitled to the same privileges as those who are possessed of Land Orders, provided they comply with the foregoing established regulations, and apply for their Grants within a period of three months from their arrival in the Colony.†

Government Notice No. 204, 1872.

Referring to the above, made public the following conditions on the subject of granting Pastoral Leases to newly-arrived Immigrants. These conditions have been duly approved by the Right Hon. the Secretary of State for the Colonies :—

RENTAL OF PASTORAL LANDS.

1. Applications from residents in the Colony, as also from recently-arrived Immigrants, will be received by the Surveyor-General, for occupation of tracts of Crown Lands, not less than one thousand acres, and not exceeding two thousand acres, in extent, at a yearly rental of not more than one penny per acre nor less than half that sum, the amount to be determined upon in the manner hereinafter mentioned.

* NOTE.—The stocking referred to will be one sheep for every five acres, or one horned beast for every twenty-five acres.

† NOTE.—Referring to the last paragraph, the Emigration Agency in England has been transferred to Her Majesty's Colonial Land and Emigration Commissioners, who have been empowered to issue Land Orders to Emigrants proceeding from the United Kingdom of Great Britain and Ireland to this Colony. The Emigration Agencies in the Cape Colony have been abolished.

2. Each application must be accompanied by the deposit of a sum equal to one year's rent, calculated at the higher rate.

3. Each applicant who may be accepted in manner hereinafter mentioned shall, in the first place be granted a License, which shall be of a yearly tenure, terminable on three months' notice, and renewable at the pleasure of the Government from year to year.

4. The qualifications necessary to obtain a License are as follows :—

1. Applicant to be of European descent.

2. To adduce proof to the satisfaction of the Government that he is possessed of the following Live Stock, viz., one sheep for every five acres, or one horned beast for every twenty-five acres, or means of acquiring such live stock when License is to be granted, or by proof of a registered agreement that he has an interest (equal to one half) in double that amount of live stock per acre.

5. Holders of Licenses may obtain a lease of the land which they have been permitted to rent, if such land shall be of the class B, mentioned in Government Notice No. 150, 1868, republished in Government Notice No. 22 of 1869, on the following terms and conditions, viz. :—

1. The lease shall not exceed eight years, but may be renewed on application of the lessee six months before its termination, such renewal, however, and the conditions of it, shall be altogether at the discretion of the Government, and shall not be claimable as a right by the lessee.

2. Payment in advance is to be made annually of the rent for such lease, at such rate per acre as may have been fixed in the manner hereinafter mentioned.

3. Each lease may be converted into freehold at five shillings per acre, or a portion of the same, not less than 250 acres, and in the latter case the Leaseholder shall be entitled to a further lease of twice the quantity converted into freehold as grazing lands, should land be available for the purpose, at such rent, and not exceeding one penny, and not less than one half-penny per acre, as may be determined on by the Government, to be paid annually in advance.

4. Each Leaseholder, before his application for a lease is entertained, must prove to the satisfaction of the Government that he is in a position to occupy such land with the live-stock in the same manner as applicants for Licenses.

5. On any Leaseholder failing in the punctual payment in advance of the annual rent due by him on the lease he holds, or in keeping his land stocked in the proportions stipulated in his lease, or in the fulfilment of the conditions of his lease, such lease shall immediately terminate and become void.

For the purpose of ascertaining the qualifications of applicants, and fixing the rental of lands to be occupied on License or on Lease, Land Boards shall be constituted in the districts in which the lands are situated for which application may be made. The Magistrates in their respective districts shall be *ex officio* chairmen of such Boards. Each Board shall consist further of the Surveyor-General of the Colony, or of some qualified public officer, or Licensed Surveyor, appointed by him, and of one or more

resident landholders in the district acquainted with the lands applied for, and who shall be selected by the Magistrate and the Surveyor-General, and be approved by the Government. It shall be the duty of such Boards to ascertain and judge of the qualifications of applicants, and to fix the rate of rental to be paid per acre on the lands let by Government, according to their relative fitness for pastoral occupation. All lands let, whether on an annual license or on lease, shall be subject to the conditions of actual and continuous occupation, to stocking, &c., and it shall be the duty of the Land Boards aforesaid to ascertain from time to time whether these conditions are fulfilled.

The above are the conditions which were in force at the commencement of the year 1873. By Government Notice No. 170, dated August 15th, 1873, the Lieutenant-Governor directed it to be notified that grants of Land by this Government to Military and other Immigrants would be discontinued, immediately after the arrival in England of the Mail which was then just leaving.

No pastoral lease, on any terms, whatever, will be granted in future.

No grants have subsequently been made, except to those whose applications were sent in before the issue of this Government Notice.

OF THE

ATTORNEY-GENERAL, FOR THE YEAR 1873,

ON

CRIME.

Supreme Court Sessions.

There were during this year cases for trial at every Monthly Criminal Session of the Supreme Court, except in February.

Circuit Courts.

There were only two Circuit Courts held at Estcourt, and the same number at Ladysmith, viz., in the months of March and October.

Indictments presented.

There were ninety-four prisoners indicted by me before the Supreme and Circuit Courts.

Nationality of Prisoners.

The following statement shows the countries to which the prisoners belonged :—

Comparison with preceding year.

The number of convictions before the Supreme and Circuit Courts during the year was 63, or 20 in excess of the preceding year, thus showing an increase at the rate of 46·51 per cent.

Of offences against the person, there was an increase of 6, or at the rate of 27·27 per cent.; of offences against property, an increase of sixteen, or at the rate of 78·94 per cent. Of other offences there was only one, or half the number of the preceding year.

Nineteen were acquitted, or five more than in 1872.

Twelve cases fell through, being four more than in the preceding year.

* One European counted thrice, there being three separate charges against him; one Kafir counted twice for similar reason.

Explanation of Abandoned Cases.

Of these twelve cases, the causes of abandonment or failure are represented by the following statement :—

(a) Complainant did not appear	...	...	...	...	1
(b) Material witnesses for the prosecution left the Colony, and were not forthcoming at the trial	...	...	...	...	2
(c) Accused admitted as Queen's Evidence	...	...	...	...	2
(d) Accused convicted upon another charge, and sufficiently punished	...	...	...	...	4
(e) Exonerating circumstances communicated to Attorney-General, inducing abandonment of charge	...	...	...	...	3
Total	...	...	...	...	12

Depositions received.

Including cases of suicide and accidental or sudden death, to which I shall presently advert, depositions in 197 cases were received by me during the year.

Suicides.

The suicides were as follows :—

Europeans	...	...	...	...	...	3
Natives	...	...	...	...	...	2
Indian	...	...	...	...	...	1
Total	...	...	...	...	...	6

Accidental and Sudden Deaths.

The accidental and sudden deaths reported were as follows :—

Natives	...	...	...	...	...	10
Europeans	...	...	...	...	...	5
Hottentot	...	...	...	...	...	1
Malay (Bastard)	...	...	...	...	...	1
Total	...	...	...	...	...	17

Committals—Action taken thereon.

The Blue Book Return No. II. shows that there were 152 cases in which the Magistrates committed the accused for trial before the Superior Courts. The following table shows how those cases were dealt with by me :—

(a) Indicted before Supreme and Circuit Courts (as above)	...	...	...	...	94
(b) Remitted to Combined Courts	...	...	...	...	41
(c) Remitted to Resident Magistrates' Courts	...	...	...	...	7
(d) Remitted to Courts of Administrators of Native Law	...	...	...	...	5
(e) Declined to prosecute	...	...	...	...	5
Total	...	...	...	...	152

Combined Court Cases.

The number of convictions of natives for stealing, killing, or wounding cattle was 30, or four more than in 1872; but, to revert to previous years, the number of convictions in 1869 was 38.

The Magistrates' Returns, however, if reliable, disclose the remarkable statement that, although there were only 30 convictions, there were 94 cases reported.

Apprehensions and Summonses—Explanation of increase in Crime.

The total number of apprehensions and summonses throughout the Colony was 4,102, as against 3,370 in the preceding year, or 732 increase, being at the rate of 21 per cent.; but this and the other increases alluded to may chiefly be attributed to the exceptional cause of the recent disturbances amongst the native population.

• *Minor Offences.*

Of summary convictions there were during the year 3,327, or 440 more than in 1872, thus showing an increase at the rate of 15·24 per cent. in minor offences during the year under report, as compared with the year immediately preceding same.

Crime in the two Principal Counties.

In the County of Pietermaritzburg there were 741 summary convictions, or 50 more than in 1872, being an increase at the rate of 7·23 per cent.

In the County of Durban there were 1,352 convictions, or 382 more than in 1872, being an increase at the rate of 39·38 per cent.; but this increase is chiefly owing to the greater number of apprehensions and convictions for offences against the Borough Bye-laws.

Notice of Conspicuous Crimes.

I now proceed to remark upon the prominent cases during 1873.

The most serious case during the year was the unprovoked murder with a knob-kerrie, in Klip River Division, by a native man of a native girl. The case was tried at Ladysmith in October; prisoner was found guilty unanimously, but with a recommendation to mercy from two of the jury. As, however, that recommendation appeared to have been made upon inadmissible grounds, the sentence was ordered to be carried out, and prisoner was executed accordingly.

At the April Durban Criminal Session an aged and decrepit native man from Inanda Division was found guilty of murder by stabbing with an assegai his wife, whom the prisoner suspected of attempting to injure him by means of witchcraft. Prisoner was found guilty, but being strongly recommended to mercy by the jury, his sentence was commuted to imprisonment for the term of his natural life.

Another native, who was tried at Estcourt in March for murder of his wife, by severely beating her, was convicted only of Culpable Homicide.

A fourth native, who on the same occasion was tried for murder of a native man, was likewise found guilty of the lesser crime of Culpable Homicide.

At the June Durban Circuit, a case against a native for murder of a native by stabbing with an assegai; and at the Pietermaritzburg Criminal Session for the same month, a charge against a native for murdering a native in a similar manner, also terminated in a verdict for Culpable Homicide. The last four cases, therefore, have been entered in the Blue Book Return under the head of Manslaughter.

An aged European man was murdered in Inanda Division, but every effort to discover the murderer has hitherto failed to succeed.

Beyond these cases, and a case against a native lad, who was convicted of the crime of rape upon a European child of tender years—dumb and imbecile—and was sentenced to death, but whose case is still under consideration; and two cases of rape and two cases of murder now awaiting trial; and the cases against a number of natives for rebellion, which are still under consideration, there is nothing further in the Criminal Records of the year requiring special remark.

Legislation.

The recent Session of the Legislative Council has been prolific in measures for the prevention and suppression of crime.

*New Police Force—Native Detectives—Extension of Native Law—New Law against Trespass—
Appointment of additional Magistrates.*

The establishment of a comprehensive system of Police; the introduction of a system of native detectives—a duty for the exercise of which amongst their own people the natives possess a peculiar aptitude; the extension and application of the arbitrary but efficacious system of Native Law to the detection, trial, and punishment of certain classes of offenders against Europeans; the adoption of a stringent Law of Trespass; and lastly, the proposed appointment of an additional Magistrate in each of the two principal Counties of the Colony, are measures which cannot fail, if properly carried out, to exert a highly beneficial influence in checking the progress of crime.

These measures have not as yet been brought into practical operation, and it would be idle to expect that their advantages will be at once apparent, or that they will produce any immediate improvement in the Criminal Records. On the contrary, it is only reasonable to anticipate that the increased supervision and the improved means of detecting and punishing crime will in the first instance produce apparently a contrary effect, by augmenting the number of convictions, but they will, I trust, eventually enable me in my future Annual Reports to present more cheering statements than I am now enabled to submit.

Remarks on Defective Means of Investigating Cases of Poisoning.

I would take this opportunity of calling attention to a subject of considerable public importance, which has during the year under review, as well as in previous years, been brought prominently under my notice, and which has in several cases occasioned no little difficulty. I allude to the absence of any analytical chemist in the Colony, and of any appliances or means whereby a chemical analysis may be made in cases of alleged poisoning.

During the past year a native in Klip River Division died suddenly immediately after partaking of some medicine administered by another native, and a charge of poisoning was preferred. No proof could be obtained of the cause of death, but as there were circumstances in the case indicating the extreme improbability of intentional poisoning, I remitted the case to be dealt with under Native Law.

In another case a native was accused of attempting to poison a European family in the city. As in the previous case, no analysis could be obtained.

In previous cases a similar difficulty has been experienced.

GAOLS AND PRISONERS.

These Questions are filled up in respect of each Prison in the Colony.

QUESTIONS.

- I. If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?
- II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?
- III. How many cells are there; and how many associated wards?
- IV. Taking the *average* number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep?
- V. How are the prisoners classified?
- VI. Is penal labor—that is, labor by treadmill, crank, or shot-drill—in force?

ANSWERS.

- I. None of the prisons are on the separate system. The separation enforced, where the gaol accommodation admits of it, is that of sexes and races. Prisoners on remand are also, where practicable, kept apart from convicted prisoners. All male prisoners sentenced to hard labour are worked in association. At night prisoners are confined in wards and cells, the number confined together varying according to the number of prisoners and size of wards or cells. Newcastle and Alfred Gaols have only one room each, so that no separation of prisoners is possible; prisoners undergoing long terms of imprisonment are forwarded to one or other of the large gaols in the Colony; those from Alfred are, immediately after sentence or committal before a Superior Court, forwarded to Umzinto or Durban.
- II. All prisoners when working in association without the prison walls, are under the supervision of European and Native Turnkeys, who are officers of the prisons. Prisoners employed within the walls of the prisons where they are confined, are also under strict supervision. The wards and cells are visited at intervals during day and night.
- III. At Pietermaritzburg, nineteen associated wards; at Durban, twenty-three associated wards; at Estcourt, five cells; at Verulam, two cells and three associated wards; at Ladysmith, seven cells; at Umhlali, four associated wards; at Greytown, three cells; at Richmond, two cells and one associated ward; at Newcastle, one cell; at Umzinto, five cells; at Alfred, a Kafir Hut.
- IV. Pietermaritzburg 431½, Durban 162, Estcourt 258, Verulam 63½, Ladysmith 500, Umhlali 504, Greytown 154½, Richmond 500, Newcastle 200, Umzinto 533. The prisons are all well ventilated.
- V. *Pietermaritzburg*—No classification can be carried out on account of the crowded state of the prisons. *Durban*—Europeans and Natives, three classes each. Indians, two classes. *Richmond*—Class 1. Committed for trial or examination; Class 2. At hard labor or crank; Class 3. Imprisonment and solitary confinement; Class 4. Debt. In the smaller gaols in the country districts no classification is attempted, as it would be impracticable. Where classification is carried out, it is done under the Rules and Regulations of Law No. 6, 1870.
- VI. Tread-wheels have been erected and are used at both Pietermaritzburg and Durban. Cranks have been supplied to the Gaols at Pietermaritzburg, Durban, Verulam, Ladysmith, Richmond, and Umzinto. Shot-drill is in force at Pietermaritzburg and Durban.

GAOLS AND PRISONERS.

These Questions are filled up in respect of each Prison in the Colony.

Q UESTIONS.

VII. If so, during what periods of imprisonment, in respect of what classes of prisoners, and during how many hours, is such penal labour enforced? In stating hours of tread-wheel labour, give first, the total time on and off at the wheel, &c.; secondly, the length of spells and intervals of rest?

VIII. What kind of labor, other than penal labor, is in use?

IX. If the prisoners are employed beyond the walls of the gaol, state—

1. On what kind of work are they so employed?

2. How are they supervised?

3. How many escapes of prisoners, while being employed beyond the Gaol, have taken place during each of the last three years?

ANSWERS.

VII. At Pietermaritzburg and Durban all male prisoners above the age of sixteen sentenced to hard labor are employed on the tread-wheel, for the first three months of their term of imprisonment, from eight to nine hours per diem, two-thirds of their time on, and one-third off the wheel; spell thirty-six minutes, rest eighteen minutes, in addition to rest of one hour at dinner time. After the first three months they are sent out to Government Works. At Verulam the crank is used for punishment of breaches of prison discipline, but only in cases of able-bodied male prisoners, and from two to six hours at a time according to circumstances. There were only two cases during the year. At Richmond prisoners sentenced to hard labor are put upon crank punishment for short periods with rest allowed for breakfast, dinner and supper. Six hours work is required of them. The Cranks at Umzinto and Ladysmith have not yet been used.

VIII. The prisoners are employed outside the gaols on public works and buildings, roads, &c.

IX. See previous answer.

1. At Pietermaritzburg the prisoners are employed in brickmaking and occasionally on public works in the town; at Durban, at the stone quarries, Harbour Works, and Botanic Gardens; prisoners at these gaols are also employed on any public work in the vicinity of the gaol, under the direction of the Civil Engineer for the Colony. At the other gaols, where prisoners undergoing short sentences only are detained, the convicts are employed in repairing and making roads, streets, and watercourses, and in performing any other public work required in the vicinity of the gaols. At Ladysmith they are occasionally engaged in quarrying.

2. By armed European and Native Turnkeys and Guards. The care of prisoners in the country districts principally devolves upon the native constables attached to the several Magistracies.

3. Pietermaritzburg, 6 all recaptured; Durban, none; Ladysmith, none; Verulam, none; Estcourt, 1 recaptured; Umhlali, none; Greytown, none; Richmond, none; Newcastle, none; Umzinto, none.

GAOLS AND PRISONERS.

These Questions are filled up in respect of each Prison in the Colony.

QUESTIONS.

ANSWERS.

IX.—(continued).

4. How are the profits of their labor accounted for?

IX.—(continued).

4. The prisoners' labor is all for the benefit of the Government. No calculation is made of its value. At Pietermaritzburg two prisoners are allowed threepence per diem for their benefit on discharge, by reason of special ability as workmen. At Durban the General Revenue receives sixpence per diem from the Harbor Works Fund for each prisoner employed on those works.

X. What was the total annual cost of the Prisons during the year?

X. Pietermaritzburg	...	...	£2,427	9	7

Newcastle	...	...	60	11	0
Umzinto	...	...	82	3	3
Alfred	...	...	81	5	0
			£6,521	14	6

XI. What was the annual amount of the prisoners' earnings during 1873.

XI. The prisoners' earnings are not calculated. At Pietermaritzburg one prisoner earned £2 18 9 at threepence per diem, as a shoemaker, *vide* answer to question IX—4.

XII. What are the number of the hours allotted for sleep? And, if sleep is in association, are the dormitories lighted; and how often are they patrolled during the night?

XII. From eight to twelve hours; in some of the gaols from sunset to sunrise. None of the dormitories in any of the gaols are lighted, but the corridors of the gaols at Pietermaritzburg and Durban are, thus the dormitories opening into them can to some extent be lighted up. The corridors and yards of these two gaols are regularly patrolled during the night by the turnkeys on duty. All the gaols except that at Umlhali are visited during the night by the Gaoler, once, twice, or oftener as occasion may require. At Newcastle the native sentries keep guard outside the prison.

XIII. What were the number and nature of the punishments inflicted for offences committed by prisoners undergoing imprisonment?

XIII. At Pietermaritzburg, 122—flogging, stocks, shot-drill, stoppage of rations, and solitary confinement; At Durban, 100—solitary confinement, crank, treadmill, shot-drill, spare diet; At Verulam 1—14 days' imprisonment with hard labor and 18 lashes; At Greytown 274—fines (142), flogging (25), imprisonment with hard labor (107). At the other gaols, viz., Estcourt, Ladysmith, Umlhali, Richmond, Newcastle, and Umzinto, no offences of this description were committed.

XIV. Is there, or are there, any Chaplain or Chaplains of any, and what religious persuasions?

XIV. There are no Chaplains to any of the gaols, except to that at Durban.

GAOLS AND PRISONERS.

These Questions are filled up in respect of each Prison in the Colony.

QUESTIONS.

XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and if any, what religious persuasion?

XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? and are they apprized when prisoners of their respective persuasions enter the prison?

XVII. What provision is made for the education of prisoners?

XVIII. On what conditions are remissions of imprisonment granted?

XIX. Have Coroner's Inquests been held on every occasion of a death in prison during the past year; and what were the verdicts?

XX.

1. What was the sanitary state of the prisons during the year 1873?

ANSWERS.

XV. Religious services are regularly performed in the Gaol at Pietermaritzburg by ministers of the Episcopalian, Roman Catholic, Wesleyan, and Congregational Independent persuasions. At Durban occasional services are held by ministers of the Church of England, Roman Catholic, and Wesleyan persuasions. At Ladysmith a clergyman of the Church of the Province of South Africa holds service for the native prisoners every Sunday. At Richmond the different ministers residing there attend any prisoner who asks for their ministrations. At Newcastle a missionary of the Berlin Society performs the Protestant service once a month. At the other gaols, viz., Estcourt, Verulam, Umhlali, Richmond, and Umzinto, no services are held.

XVI. Ministers of any religious denomination are, on proper application, allowed free access to prisoners of their own persuasion in any gaol in the colony. It is not customary to advise ministers when prisoners of their respective persuasions enter the prison. Native prisoners are generally heathen.

XVII. None.

XVIII. If a prisoner's conduct has been good while in gaol, it has been the practice, on the recommendation of the Judge or Resident Magistrate, to remit one-third of the sentence. Such remission is made under the hand of the Lieutenant-Governor. There is no law that entitles a prisoner to claim such remission, but the custom has gradually arisen. In cases of severe illness remission of sentence has been granted on the certificate of the Medical Officer attending the gaol.

XIX. Coroner's Inquests have not yet been established in Natal. In cases of death an inquiry is made under the authority of the Resident Magistrate, and a post-mortem examination conducted by the District Surgeon. Verulam and Ladysmith were the only gaols where any prisoners died during the year 1873, and in each case the necessary examination and report were made by the District Surgeon.

XX.

1. Pietermaritzburg, good; Durban, excellent; Estcourt, good; Verulam, healthy; Ladysmith, good; Umhlali, good; Greytown, good; Richmond, good; Newcastle, very good; Umzinto, good.

2. What were the prevailing diseases ?

XX.—(continued).

2. Pietermaritzburg, diarrhoea and rheumatism; Durban, fever and colds; Estcourt, colds and rheumatism; Verulam, venereal, wounds from assaults, and colds (the two former originating before the admission of the prisoners into the gaol); Ladysmith, two slight attacks of dysentery. At the Umhlali, Greytown, Richmond, Newcastle, and Umzinto gaols, there were no diseases.

XXI. What are, shortly, the rules as to diet ?

XXI. The diet is that prescribed by the Lieutenant-Governor, under authority of Law No. 6, 1870, and slightly varies according to the term of imprisonment. The sick diet is that directed by the District Surgeon. At the Gaols in the country districts, the dietary scale is followed as closely as circumstances will admit. The dietary scale is annexed.

QUESTION II.—(continued.)

(I.) What quantity of water is available for each patient every day?—An unlimited supply.

What is the source of the water supply?—From a running stream, which supplies the city generally also, from an underground, cemented, brick tank, with force pump attached.

What is the quality of the water?—From the sluit, impure, but sufficiently good for ordinary purposes; from the tank, which is supplied by a spring, and rain water collected from the building, very good.

(II.) Detail the arrangements as to baths and lavatories.—Two small wards used as bath rooms adjoin the main wards, each containing a fixed enamelled iron bath, one for hot water, the other for cold, the water being supplied to each bath and discharged by means of iron piping; portable baths, when ordered, are given at the patient's bed side; each patient is bathed on admission, previous to entering bed. A vapour and shower bath are much needed. There is a lavatory fitted with four hand-basins, and three iron foot-basins; water being supplied and discharged by means of iron piping.

(III.) What is the system of sewerage, and what the condition of the privies?—There are six privies, situated 115 feet from the nearest ward at the back of the Hospital, the soil being washed away toward the river, at the bottom of the hill upon which they are erected, by a constant stream of water. Night stools are used in the wards, strict attention being paid to their being kept perfectly clean, which has been found to answer better than the "Dry Earth System" in this Institution.

QUESTION III.

(Give the number of visits of inspection paid to the Hospital during the year 1873.)

Specifying the character of the visit in respect to notice.	And stating the official position of the visitors.		
	By the Governor or Colonial Secretary.	By a Government Inspector.	By a committee of the governing body.
By appointment	} This institution is under the entire control of Trustees, who visit and report monthly.		
Of surprise			

(I.) In reference to the above table, state whether or not the Register Books were produced on every occasion; and if not, on how many occasions they were not so produced?—Always produced.

(II.) And if on any occasion when they were examined, they were found not to be properly made up to date of examination?—On every occasion they were found properly made up to date.

(III.) State also how many reports of the following kinds have come under the notice of the Governor:

- * (a.) Reports of a financial and statistical kind, especially such as show the system on which money and store accounts are kept and audited.
- (b.) Reports by persons charged with the immediate management of the Hospital.
- (c.) Reports by a Government Inspector, independent of the governing authority of the Hospital.

The reports of the Medical Officer and manager are addressed to the Trustees, monthly, and are published in the local papers.

* Note [Copies of above Reports, if any, to be appended.]

QUESTION IV.

ANNUAL REPORT OF THE DURBAN COLONIAL GOVERNMENT HOSPITAL.

31st DECEMBER, 1873.

In 1873, the admissions were 379, and the deaths 49, which exceeded those of the preceding year by 123 in the former, and 31 in the latter.

This very large increase was due in part to the arrival from up coast of a large body of liberated African slaves, many of whom were brought by their privations and sufferings to a very low state; and 35 were taken into Hospital, of whom seven died.

The increase is further accounted for by a greater number of admissions of seamen from the vessels in harbour, and also from the increase of destitution in town both of seamen without ships, and vagrants, amongst whom many cases occurred so forlorn and sickly as to justify their admission for medical treatment.

The large proportion of deaths may be explained thus:—

- 7 deaths amongst the liberated Africans.
- 9 cases brought to Hospital moribund.
- 7 brought in the last stages of disease.
- 7 deaths from accidents, of which 3 died from tetanus.
- 1 suicide by hanging, and
- 10 patients in whose cases recovery was hopeless, leaving 2 per cent. of deaths in the remaining number treated.

Accidents.—There were 57 accidents, seven of whom sunk under the injuries received.

Fevers.—Of 86 fevers nearly all were of the remittent form, and occurred amongst the liberated slaves, and seafaring people doing business along the coast of Africa, between Zanzibar and this port.

Dysentery.—Several cases of this disease were so severe as to resist all remedies employed, and nine deaths took place under this head.

Fractures.

There were 16 fractures admitted as follows:—

Of Skull.	...	...	2	Died	...	...	1
Jaw	...	...	1

Amputations.

The Amputations were,

Of Hand	...	1—following upon gunshot wound.
Great Toe	...	1—being an impediment in walking.
Toes	...	1—becoming necessary from spontaneous gangrene.

ASYLUM RETURNS.

The necessity which existed in 1872, still continues urgent for an adequate development of the whole Hospital establishment. Either a Clerk, or a Compounder and Dispenser of medicines is much required in addition to the "Male Attendant," who cannot longer with credit to himself, or satisfaction to the Government, perform alone all the duties which devolve upon him under the now permanently increased number of patients, with greater number of servants, and much increased business of the establishment.

There exists as yet no regular system of bedside nursing; there is one permanent nurse, but there ought to be at least two, who could relieve each other in attendance upon the serious cases.

The servants are invariably out of humour when required to do night watching, because their duties are such as not to allow of postponement, and they are thus deprived opportunity of recovering their sleep in the day time.

The Store Rooms, Dead House, additional Wards, Stable, Lean-to Room, Lumber Room, Dwarf Wall and Iron Railing, Rubble to paths, Seawater Pumps, arrangement for daily removal of Hospital refuse, Enclosing Wall, and other important requirements have stood over during the past year, and none of them have been supplied.

A vote of £600 has been passed by the Legislative Council for improvements, but I fear this sum will fall far short of meeting all the needs of the Hospital.

The Architect of the building states that a foundation was laid with provision for a second story, and I think that in making additions, the raising by one story of the building would prove the most compact and convenient, and perhaps afford opportunity of altering the roof, which, notwithstanding frequent repairs, continues to be very leaky, and thus spoils the ceilings and proves uncomfortable to the inmates.

The sum of £250 has been voted for a supply of Surgical Instruments and Appliances.

WM. HY. ADDISON, M.D.,

District Surgeon.
